

Melt and Pour Soap & Their Ingredients

In this section, we will show you what's on offer. Super7Three melt and pour soap bases in their different variations (forms) as well as their Ingredients.

Creating your own luxurious soap has never been easier with the help of Super7Three. Thanks to the awesome Melt and Pour Soap bases and base fragrances available, the endless varieties are dazzling and unique. Plus, as an alternative to hot or cold process soap, M&P soap does not require the use of any dangerous lye. Crafting made safe and easy; this soap is simply melted, color and fragrance added (if required), and poured into molds. Super7Three offers Melt and Pour Soap Kits that contain all the fundamental supplies needed to start producing your own homemade soaps.
